

PARIJMA INSTITUTE OF NEUROSCIENCES (PINS)

COMPREHENSIVE MULTI-DISCIPLINARY
PEDIATRIC NEUROLOGY CARE.....ALL UNDER ONE ROOF

What makes Parijma unique-

1. Customised treatment protocol- No 2 children with neuro-disability are the same. So at Parijma, each child is evaluated by a multi – disciplinary team consisting of pediatric neurologist, physiotherapist, psychologist, speech & occupational therapists and a treatment plan according to the needs of the child is designed.
2. State of the art Neuro-rehabilitation – This includes standard & customized rehabilitation techniques and equipment.
