Pre School and Slow Learner's School

Parijma believes that education is an important aspect related to the overall rehabilitation and integration process of children.

They have 2 schools at their centre to cater to children who are **slow learners or have a learning disability**. These are unaided and self-supporting units of Parijma. The schools seeks to discover and nurture each child's potential that would otherwise go untapped in the warm and stimulation environment of their centre, the children grow naturally and joyfully. Their team of qualified, experienced and dedicated teachers work to enable students to develop into healthy and responsible adults.

- Parijma Pre School and
- **School for Slow Learners.**
